

Marie Skłodowska-Curie Post-doc Positions at KNAW
Liaison officer: Dr. Daphne Lentjes d.lentjes@ixa.nl

**Marie Skłodowska-Curie Post-doc Positions:
“Expression of Interest” for hosting Fellows at
Huygens ING in the Netherlands**

The Huygens Institute for the History of the Netherlands (Huygens ING, <https://www.huygens.knaw.nl/?lang=en>) invites postdoc fellows to apply together for postdoc funding in the context of the Marie Skłodowska Curie Individual fellowship scheme for EF (European Fellows).

Huygens ING, a research institute of the Royal Netherlands Academy of Arts and Sciences (abbreviated: **KNAW**, <https://www.knaw.nl/en>), performs analytical research into Dutch literature, history and the history of knowledge, using innovative digital methods. Through the fundamental, advanced and interdisciplinary investigation of source material, Huygens ING provides new insights in the (long-term) development of the Netherlands, without losing sight of Europe and the rest of the world.

We use advanced digital infrastructure that we largely design, build and manage ourselves with partners in the Netherlands and abroad. An important part of our scholarly production takes the form of high quality editions, data sets and access to historical sources. We publish these in our digital infrastructure, and we are at the forefront of digital innovation in this field.

With our research results (studies, editions and analytic tools) we contribute to the ongoing debate in science, education and society. This means that Huygens ING not only enables the work of fellow researchers from the humanities and the social sciences, but also serves the heritage sector, the education sector, the business world, media, and anyone who needs relevant and reliable knowledge about the history and culture of the Netherlands.

Huygens ING will offer support during the application procedure to candidates who would like to spend their Marie S. Curie fellowship at the Institute. In case of funding through the EU, the postdoc fellow will become employed at Huygens ING for the duration of the project; receiving training and potential opportunities for further continuation of their international scientific career.

European Fellowships

<http://ec.europa.eu/research/participants/portal/desktop/en/opportunities/h2020/topics/msca-if-2018.html> are open to researchers of all nationalities. The *MSCA mobility rule* applies: the researcher must not have lived, worked, or studied in the Netherlands more than 12 months during the 3 years prior to the deadline. The duration of the fellowship is 12 to 24 months and primarily covers the salary of the researcher plus a family allowance for spouses and/or children.

Applicants either hold a PhD degree or have at least four years of full-time equivalent research experience at the moment of the deadline.

The Marie S. Curie **deadline is 12 September 2018 at 17h.**

Interested candidates should send their CV, including the name of their preferred supervisor at the Huygens ING, a list of publications, and a short motivation letter no later than **June 15, 2018** to sollicitaties@bb.huc.knaw.nl. For more information, please contact dr. Daphne Lentjes, Advisor Research Funding at the Huygens ING (d.lentjes@ixa.nl).

Potential supervisors at the Huygens ING:

Marie Skłodowska-Curie Post-doc Positions at KNAW
Liaison officer: Dr. Daphne Lentjes d.lentjes@ixa.nl

History

Head of department: Prof. Dr. Marjolein 't Hart (marjolein.thart@huygens.knaw.nl)

Areas of interest: The history of state formation in comparative perspective; the history of institutions, in particular the military and finance; social and economic history; early modern history; Dutch history in comparative perspective; European history; Global history.

More info: www.huygens.knaw.nl/t-hart-marjolein/?lang=en
